NOTES TO USERS

For information and questions about this Flood Insurance Rate Map (FIRM), available products associated with this FIRM, including historic versions, the current map date for each FIRM panel, how to order products, or the National Flood Insurance Program (NFIP) in general, please call the FEMA Map Information eXchange at 1-877-FEMA-MAP (1-877-336-2627) or visit the FEMA Flood Map Service Center website at <https://msc.fema.gov>. Available products may include previously issued Letters of Map Change, a Flood Insurance Study Report, and/or digital versions of this map. Many of these products can be ordered or obtained directly from the website.

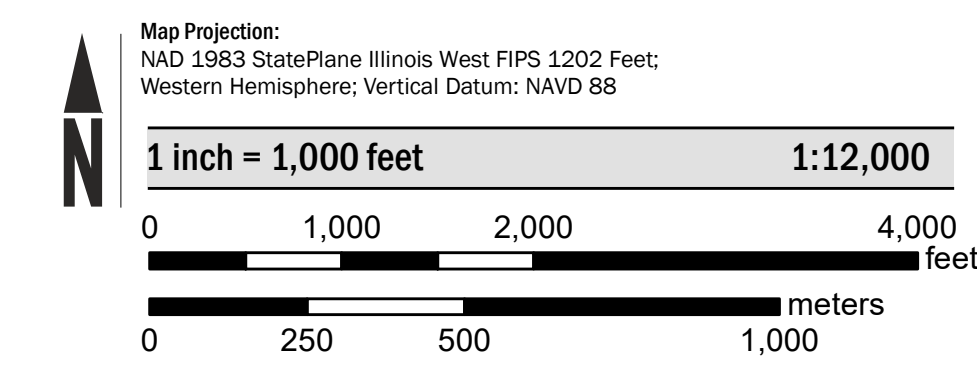

Communities annexing land on adjacent FIRM panels must obtain a current copy of the adjacent panel as well as the current FIRM Index. These may be ordered directly from the Flood Map Service Center at the number listed above.

For community and countywide map dates refer to the Flood Insurance Study Report for this jurisdiction. To determine if flood insurance is available in this community, contact your insurance agent or call the National Flood Insurance Program at 1-800-638-6620.

Base map information shown on the FIRM was derived from multiple sources. Transportation line data and political boundaries for the City of Columbia were provided by the United States Census Bureau (USCB). Water features including HUC-8 boundaries, water features, and water lines were provided either by the United States Geological Survey (USGS) as a part of their National Hydrography Dataset or by the Illinois State Water Survey (ISWS). Aerial imagery was provided by the United States Department of Agriculture (USDA). Source data for levees were provided by the United States Army Corps of Engineers (USACE). Source data for the Professional Land Survey System (PLSS) and additional political boundaries were provided by the Illinois State Geological Survey (ISGS).

ACCREDITED LEVEE SYSTEM: Check with your local community to obtain more information, on the levee system(s) shown as providing flood hazard reduction on this panel. To mitigate flood hazards in residual risk areas, property owners and residents are encouraged to review the community's emergency preparedness plan and to consider flood insurance and flood proofing or other risk reduction measures.
